CAMPAIGN LAUNCHED.

Banquet Last Night Marked Opening of Y. M. C. A. Movement.

The campaign for the Y. M. C. A. building in this city was formally opened last night with a banquet at the campaign headquarters in the building at the corner of Main and Sixth streets. The banquet was well attended and much enthusiasm was displayed by those present.

The headquarters were profusely decorated with flags and bunting while streamers of crepe paper adorned the windows and growing plants and flowers added to the charm of the scene.

The banquet was in charge of the ladies who have agreed to take an active part in the campaign looking to the raising of a fund for the purpose of erecting a Y. M. C. A. building. It was elaborate in every detail and a menu consisting of old ham, roast lamb jelly, chicken salad, hot rolls beaten biscuits, ice cream, strawberry sauce, cake, cheese balls, wafers and coffee were served by the auxiliary.

Mr. Joseph Servesance, of Frankfort, one of the best-known toastmasters in Kentucky, presided in an admirable fashion over the banquet. The speakers of the evening were Mr. E. S. Woosley, of Louisville, on "A Movement for Manhood"; H. C. M. Thomas, Paris, "Bourbon County's Greatest Asset"; Mr. Philo C. Dix, Louisville, "A Plow That Works."

The active work of the campaign will start this morning.

NOTES.

A large streamer extending across Main street in front of the headquarters bears the slogan of the Y. M. C. A. workers, "35,000 or Nothing By June 24."

The ladies auxiliary will serve lunch each day at headquarters where reports will be made by the workers.

The progress of the campaign will be announced by a large clock to be hung over the street.

Mr. Catesby Spears is campaign chairman.

At the close of the banquet last night subscriptions to the amount of \$3,700 were pledged. Such abeginning is very gratifying to the workers, who will begin their labors this morning.

The captains of the ten business men's teams are: Messrs. Thomas—Mrs. N. Ford Brent will go to Versailles this week for a visit to her parents, Mr. and Mrs. Edmund Wallylace. They will leave next week for Michigan to spend the remainder of the summer.

Henry Clay, Jr., W. O. Hinton, H. A. Power, C. O. Hinton, Dr. J. T. Vansant, J. Sims Wilson, E. T. Hinton, Charles P. Cook, W. B. Woodford and C. Arnsperger.

The captains of the Young Men's teams are: Messrs. E. F. Prichard, W. B. Ardery, R. B. Hutchcraft, Jr. and Withers Davis.

About one hundred business men and twenty-five young men have pledged their co-operation in the campaign. About thirty-five men have been appointed on the Citizen's Committee.

LOSES STOLEN MONEY.

Thief in Haste Drops Bills Taken From Redmon Home.

The residence of Mr. Claude Redmon, on Cypress street, was entered at an early hour Friday morning by burglars, and after rifling the pockets of Mr. Redmon, took his purse containing about \$100 in money and several negotiable notes, besides his watch and chain.

Entrance to the residence was gained through a rear window of the back porch, and going to Mr. Redmon's room the thief secured his trousers and left. None of the members of the household were disturbed by the intruders.

The burglary was reported to the police department Friday morning and Patrolman Fred Link went to the home of Mr. Redmon, where he made a survey in an attempt to get a clue that would lead to the apprehension of the guilty party. Patrolman Link, in company with William Smith went to the Paris cemetery where the former found the pocketbook lying in the grass.

An examination revealed the notes intact and one twenty dollar bill, which had been overlooked. On the ground close by another bill of the same denomination was found. The trousers were found on Cypress street, but the watch and chain and a very valuable K. of P. charm missing.

No arrests have been made, but Patrolman Link has a clue that will lead to the recovery of the stolen property and the arrest of the guilty party.

GRASS SEED CROP ONE THIRD SHORT.

The returns from the grass seed stripping, which has been in progress during the past few days, seem to indicate that the crop is little more than a third of an average yield.

There is a marked difference between the business of this year and last, which, however, was beyond all precedent. At that time it was almost impossible to get hands and teams sufficient to harvest the immense crop, but this year there is an abundance of both. It is estimated that the shrinkage in the cured products will amount close to 50 per cent. as against an average waste of 25 to 40 per cent. This increase in shrinkage is due to the undergrowth—weeds and white clover.

Green seed is selling at about 45 cents per bushel, but the price of cleaned seed for August delivery will in all probability reach the dollar mark.

Take Plenty of Time to Eat.

There is a saying that "rapid eating is slow suicide." If you have formed the habit of eating too rapidly you are most likely suffering from indigestion or constipation, which will result in serious illness eventually unless corrected. Digestion begins first in the mouth. Food should be thoroughly masticated and insalivated. Then when you have a fullness of the stomach or feel dull and stupid after eating, take one of Chamberlain's Tablets. Many severe cases of stomach trouble and constipation have been cured by the use of these tablets. They are easy to take and are most agreeable in effect. Sold by all dealers.

Franklin, Sept. 4—3 days.
Hodgenville, Sept. 9—3 days.

Monticello, Sept. 9—4 days.
Morgantown, Sept. 11—3 days.

BUMPER CROPS

Kentucky Outlook Good According to Report.

The splendid outlook for crops in Kentucky, shown by the crop report of May 1, issued by the State Department of Agriculture, have been maintained to June 1, say the report issued Tuesday. The report also speaks of the catarrhal fever, which is prevalent and fatal among horses in all sections of the State.

Lack of rain in the extreme western part and the excessive moisture in the central and eastern portions are the only drawbacks to crop conditions. The report follows:

"The May crop report is issued on an entirely different basis from any previous report. During the last winter based on the 1910 census, the State had been divided into nine crop-reporting districts and each district given a percentage weight in proportion to the yield of that crop in that district when compared with the total yield of the State. This is the plan governing crop reporting for the Federal Government. There are now the separate sets of reporters reporting in this same way to three separate heads. We believe this will give us a more accurate summary of crop conditions than the State has ever yet gotten out."

"The splendid prospects for a good crop May 1, have been generally maintained to June 1. A great deal of complaint come from Western Kentucky of lack of moisture. Central and Eastern Kentucky suffered from the same cause during the first of the month, and have suffered from an excessive amount of moisture during the latter part of May. However, most of the crops are in good condition relatively speaking. Wheat shows condition of 85.7 per cent. and is filling well. The corn crop is not all planted, but there is an indicated crop of 94.5 per cent. The condition of planted corn is 90.8 per cent. The oats crop—89.4 per cent. and condition 79.4 per cent. The condition of rye is 56.4 per cent. It will be noted that an early drought affected the rye and oats crop considerably. The same is true of timothy. The condition of potatoes is given as 93.1 per cent., indicating a splendid crop."

"About 52.8 per cent. of an average crop of dark tobacco has been transplanted, which shows condition of 81.7 per cent.; 57.5 per cent. of the Burley crop was transplanted by June 1, with condition of 81 per cent. The tobacco plant in the dark district are reported small and scarce, indicating a shortage in the crop, while in the Burley district they are reported in splendid condition and plentiful. Excessive rains have occurred throughout the State since the first of June, and every prospect is for an average planting of Burley and a fairly large crop of dark. Many complain of cut worms both for tobacco and corn. The blue grass seed crop will be a short one. The condition of grasses is given as: Bluegrass, 88.6 per cent.; clover 81 per cent.; alfalfa, 80 per cent., and orchard grasses, 84 per cent. The drought has affected pastures in Western Kentucky, but in Central and Eastern Kentucky the pastures are good."

"Cattle are reported in good condition; hog cholera is not so bad as in the winter months, and the condition of sheep and lambs is unusually good. Young poultry has done well and there is a splendid crop of young chickens, ens urkeys and other fowls."

"The condition of apples is 85 per cent.; peaches, 78.5 per cent.; pears, 61 per cent.; plums, 67 per cent.; cherries, 64.5 per cent.; grapes, 89 per cent. The strawberry crop has been fairly good. Raspberries will be a medium crop. There is every promise for one of the largest blackberry crops the State has ever had."

"There is a disease known as catarrhal fever or 'pink eye' among horses of several counties. The disease is proving fatal in many instances and farmers are warned against taking animals into towns where the disease is known to exist and against working them if the animals once become infected. This department has on hand directions for handling this malady, a bulletin prepared by the State Veterinarian, Dr. Robert Graham, and directions for disinfecting infected stables. These will be sent free upon application to the department."

"There has been a large corn crop planted, the stand is almost perfect, and farmers are urged to try shallow and frequent cultivation for the coming season. The old idea that three or four plowings were sufficient to make a corn crop should be abandoned, and, if possible, plow five or six or seven times, but plow shallow. The farmer can very nearly count on getting an extra barrel of corn for every extra plowing he gives his corn. If it is only a bushel it will nearly pay its cost."

DECISION REVERSED.

The Supreme Court has reversed a decision of the Kentucky Court of Appeals, which held that a railroad is wholly liable for accidents when employees are working overtime. The higher court held that such cases stand only on their merits in civil actions.

PRIMARY ELECTION CASE ADVANCED.

The primary election law cases appealed from the Jefferson Circuit Court which upheld the provision requiring a candidate to state that he supported at the last election the party whose candidate he is seeking to become, were advanced for argument in the Court of Appeals and set for today.

DANVILLE BABY KILLED BY RATS

The four-months-old baby of Mrs. Lena Pope, of Danville, was killed by rats Tuesday night. The infant was left in its cradle while the mother had gone to the home of a neighbor for a short time. When she returned rats had eaten out one eye and were gnawing into the baby's face. Both ears were also eaten off. The infant died in a few minutes after the discovery was made.

Why Women Have Nerves

The "blues"—anxiety—sleeplessness—and warnings of pain and distress are sent by the nerves like flying messengers throughout body and limbs. Such feelings may or may not be accompanied by backache or headache or bearing down. The local disorders and inflammation, if there is any, should be treated with Dr. Pierce's Lotion Tablets. Then the nervous system and the entire womanly make-up feels the tonic effect of

DR. PIERCE'S

FAVORITE PRESCRIPTION

when taken systematically and for any period of time. It is not a "cure-all," but has given uniform satisfaction for over forty years, being designed for the single purpose of curing woman's peculiar ailments.

Sold in liquid form or tablets by druggists—or send 50 one-cent stamps for a box of Dr. Pierce's Favorite Prescription Tablets. Ad. Dr. R.V. Pierce, Buffalo, N.Y.

Every woman ought to possess The People's Common Sense Medical Adviser by R.V. Pierce, M.D. 1000 pages. It answers questions of sex—Teaches mothers how to care for their children and themselves. It's the common sense doctor in your own home. Send 31 one-cent stamps to Dr. Pierce at once.

THE UNIVERSAL MENACE.

The housefly causes 100,000 deaths a year and does a property damage of \$12,000,000. The fly travels only 1,500 feet and delights in a liquid diet. When he finds something that he likes better than his latest meal he disgorges.

One pair of flies beginning in May will breed 143,675 bushels by September. The time will come when it will be considered more disgraceful to have flies in our homes than it is now to have bedbugs.

If flies were as large as cows we would not have one in the land. Unfortunately our indifference to their disease breeding activities is as large as the pests themselves are small.

The extermination of the fly will follow the observing of the old rule that **CLEANLINESS IS NEXT TO GODLINESS.**

FACTS ABOUT FLIES.

Flies make milk impure. Flies do nothing but harm. Flies are wholesale murderers. Flies bring summer complaint. Flies cause epidemics of disease. Flies do not belong in this town. Flies find nothing too filthy to eat. Flies spread the hookworm disease. Flies kill 100,000 people in this country every year. Flies carry death about on their hairy legs and wings. Flies cost the United States \$500,000,000 annually. Flies are responsible for the majority of deaths among children.

THE CLEANUP CURE.

EVERY single fly in a house is a danger to the health and even to the lives of the occupants. People do not realize this. For a fly to drop into a jug of milk and to crawl across food, cooked or uncooked, is such a commonplace and simple thing that we do not realize the danger of it. But if we could follow up the life of a fly for a single day we should be appalled at the filthiness of its habits and the pestilential character of its peregrinations.

Flies love the vilest filth, and they are attracted alike to the sweetest and daintiest of food-stuffs. Just as in the house no fly can be kept away from the food, so outdoors no garbage or filth or decaying matter is ever seen in the summer without its attendant flies. It can be taken for granted that every fly in a house has but recently come from reveling in the vilest filth to be found in the neighborhood.

It is well known that flies multiply in exact proportion to the amount of garbage and filth in a locality. In a locality that is kept tidy and clean and sweet there are very few flies, but wherever filth exists there flies multiply by myriads. The principle is automatic. The more filth the more flies, the more flies the more disease.

Let us, therefore, instead of crying "Swat the fly!" clear away all garbage or dirt in the vicinity of our houses and thus prevent the plague from multiplying.

Administrator's Notice.

All persons having claims against the estate of J. H. Butler, deceased, are notified to present same, properly proven as required by law, to the undersigned, on or before July 10, 1913.
W. M. SHOBE,
Ex'r J. H. Butler, deceased,
330 Vine street.

United States District Court, Eastern District of Kentucky, Covington.

Central Home Telephone & Telegraph Co. Complainant
Vs
Bourbon County Home Telephone Co. Defendant

Pursuant to a decree of sale entered herein in the United States District Court for the Eastern District of Kentucky at Covington, Kentucky, on January 21, 1913, I will offer for sale at the front door of the court house in the city of Paris, Bourbon county, Kentucky, on

TUESDAY, JULY 8, 1913,
at 2 o'clock, p. m., the following described property, to-wit:

"All the telephone plant and system of the Bourbon County Home Telephone Company in Paris, Kentucky, and in Bourbon county, Kentucky, and all its other property, rights, privileges, franchises and immunities of every character and description, whether in action or possession, wheresoever situated, and everything of value which the Telephone Company owns or is entitled to, including all the property, accounts, notes, moneys and assets of every description, in the possession of S. M. Heller, Receiver herein, or in the possession of the United States Trust Company, Trustee."

The terms of said sale are as follows:

"No bid will be accepted from any bidder who shall not place in my hands at the time of making the bid, as a part of such bid, a pledge that he will make good his bid if accepted by the court, either in the sum of ten thousand dollars (\$10,000) in money or the sum of ten thousand dollars (\$10,000) in the form of a certified check or certificate of deposit, payable to or endorsed to myself as special master; or in lieu of such money or check or certificate of deposit, twenty-five thousand dollars (\$25,000) par value, of the bonds secured by the mortgage hereby foreclosed.

The deposit received from any unsuccessful bidder or bidders shall be returned to him or them, when the property is struck off.

In case a bid shall be accepted and the sale confirmed by this court and the successful bidder shall comply with all the terms thereof, the cash deposit made by him shall be credited as part payment of the purchase price.

In the event any bidder whose bid has been accepted, shall fail to comply with any order of the court in regard to the payment of the purchase price, the cash, checks, certificates of deposit or bonds deposited by him shall be retained as liquidated damages and shall be applied toward the expense of any resale which may be ordered, or toward making good any deficiency or loss in case the property at a resale shall bring less than at a prior sale; but, if a bid be accepted and the sale thus made by the Special Master shall not be confirmed by the court, then the deposit made by the bidder shall be returned to him.

The purchaser shall, as a part of his bid and purchase, assume and agree to pay any and all liabilities incurred by the receiver since his appointment, which may remain unpaid on the date of confirmation of sale.

Upon the confirmation of sale the purchaser may pay so much of the purchase price as may not be required by the order of confirmation to be paid in cash, by paying for and surrendering outstanding bonds or coupons secured by the deed of trust herein foreclosed, whether said coupons are attached to or cut from said bonds, and the said bonds or coupons shall be received at such price or value as shall be the equivalent to the amount that the holders thereof would have been entitled to receive thereon, in case the entire purchase price were paid in cash.

All bonds and coupons that may be used to make such payment shall be surrendered to the Special Master and the amount so paid on said bonds or coupons or applied thereon shall be endorsed on said bonds or coupons by the Special Master, and the said bonds and coupons shall then be returned to the holders or owners thereof respectively.

Any party to this suit or any holder or holders of the bonds or coupons herein referred to, may bid and purchase at such sale, and shall be required to qualify and make deposit as above provided.

The court reserves the right to resell said property or any part thereof, on such notice as it may direct, in case the purchaser, after confirmation of sale, shall fail or omit to make any payment upon the unpaid purchase price, within thirty days after the entry of an order requiring such payment.

Said sale may be adjourned or postponed from time to time, on the request of the complainant, or on the request of the United States Trust Company, Trustee, or its solicitors. For greater particularity reference is hereby made to said decree.
J. W. MENZIES,
Special Master.

Stout women find that the new 1913

Rengo Belt

Corsets will reduce

the figure to the true proportions of slenderness

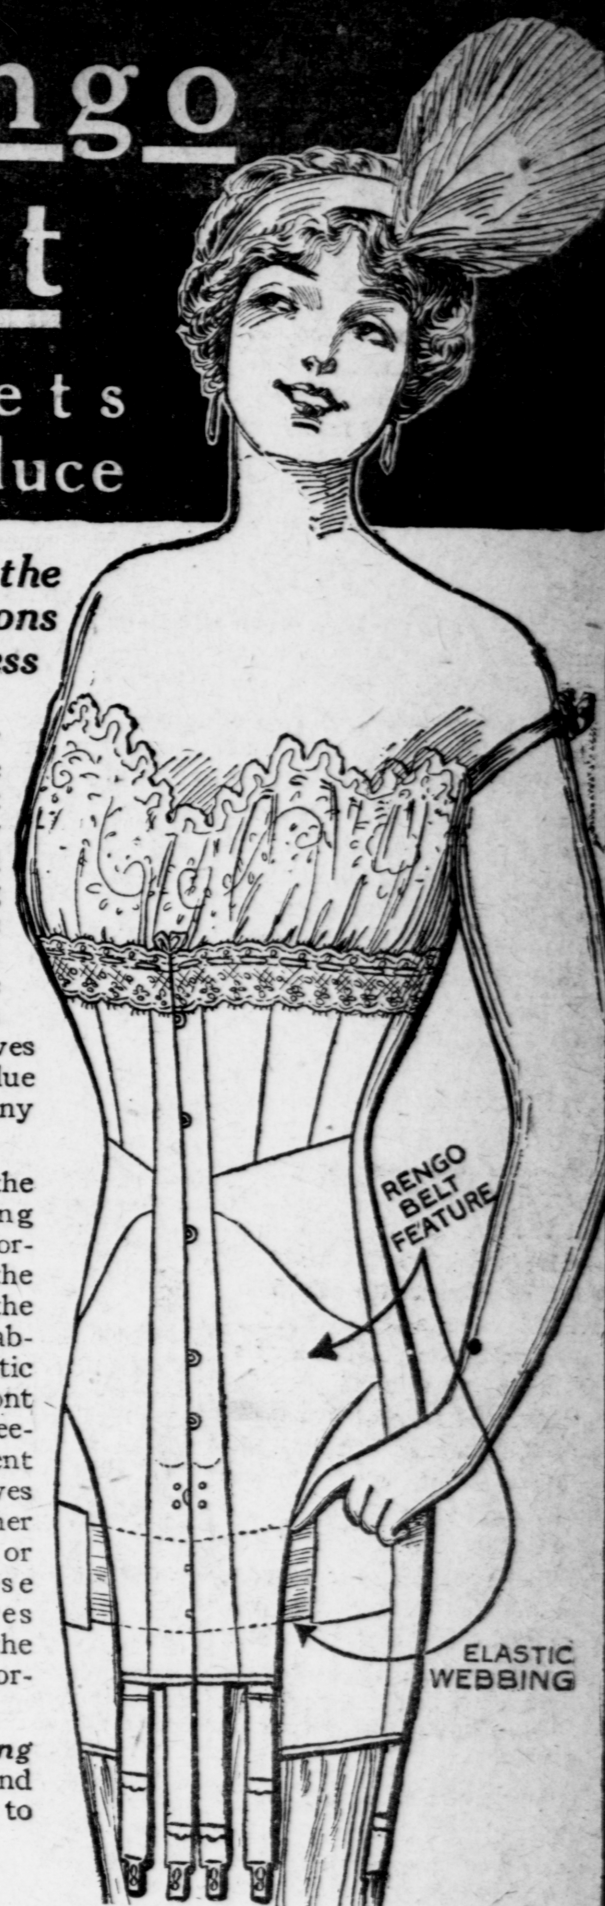

MODELS for even the stoutest figure are correctly proportioned and have the crowning quality of strength to hold their shape. They are the strongest corsets made which gives them a wearing value far in excess of any others.

Automatically the exclusive reducing features of these corsets hold down the excess flesh at the back, hips and abdomen. Heavy elastic webbing inserts front and back give freedom of movement and adjust themselves to any position, either sitting, bending or standing. These scientific features make Rengo Belt the leading reducing corsets of 1913.

Made extra strong—as is needed—and guaranteed not to rust.

Prices \$2, \$3 and \$5—illustrated \$3.

CITY ADMINISTRATION AND THE TAX RATE.

At the meeting of the city council last Thursday night the tax levy for the year was fixed and the rate lowered five cents from that of last year, making the rate upon each \$100 of taxable property \$1.25, the fourth reduction that has been made since Mayor J. T. Hinton was inducted into office a little more than three years.

The reduction in the tax rate comes after careful and considerable calculations made upon the report of the Board of Tax Supervisors, who filed their report several days ago and which were in the hands of Mayor Hinton and Councilman W. O. Hinton.

The tax-payers of the city can be congratulated upon having an administration so conservative and painstaking in the affairs of the city finances, and which as financiers of marked ability, can readily observe the best interests of the tax-payers.

When Mayor Hinton went into office the tax rate of the city was \$1.45 on each \$100 worth of taxable property in the city and since that time there has been an annual reduction of five cents until the present rate has been reached. Mayor Hinton has materially increased each year the allowance for school purposes and in the face of the reduction of the present levy of ten cents made for this purpose besides an additional levy of five cents for the Massie Memorial Hospital.

During his term of office Mayor Hinton has insisted upon the city bearing the cost of the construction of new streets and additional sewer service, instead of compelling the property owners to bear the extra expense. This has all been done without interfering in the least with the financial condition of the city and demonstrates that by wise and economical methods a city the size of Paris can be conducted at a less expense than the tax-payers have been heretofore compelled to bear.

Councilman W. O. Hinton, at the last meeting of Council reported the Tax Supervisors had made their report and recommended that a levy of \$1.25 be made upon each \$100 worth of taxable property in the city, which he said would be sufficient to meet the demands made upon the city's treasury, in view of the fact that the licenses for the ensuing year had been paid and with the cash in hand a little of the tax-payers' burden could be lifted.

During the past three years of Mayor Hinton's administration, numerous streets have been constructed, the beauty of the city otherwise improved and conveniences for the inhabitants added. This has all been done without extra expense to the tax-payers and the present reduction in the levy is most commendable.

The rate as fixed by the council is as follows: General purposes, 55c; city schools, 35 cents; public library, 5 cents; Massie Hospital, 5 cents; sinking fund, 25 cents. Total, \$1.25.

MATRIMONIAL NOTES

BUCKLEY-SCHLUND.

The marriage of Mr. Clyde Buckley, of Williamstown, Ky., and Miss Emma Schlund, of Los Angeles, Cal., will be solemnized at the home of the bride's parents in Los Angeles, on Wednesday, June 18.

Mr. Buckley is a son of Mr. B. F. Buckley, of Bourbon, and is a capable and prosperous tobacco dealer of Williamstown. He formerly resided in Bourbon and is a popular young gentleman. After a short wedding trip the young people will reside at Williamstown.

MORFORD-HOWARD.

Mr. William Howard, of Nepton, and Miss Emma Nita Morford, of Ewing, will be quietly married at the home of the bride's parents in Ewing, Saturday, June 28, at 2 o'clock.

Miss Morford, who is the only daughter of Dr. and Mrs. Morford, of Ewing, the former a well-known capitalist and President of the Citizens' Bank, of Nepton, is an accomplished and attractive young woman. She is well known in this city, where she attended school at the Bourbon Female College, being a member of the graduating class of 1911.

Mr. Howard formerly resided in Paris and is a son of Mr. William Howard, of Richmond. He is a capable and deserving young business man and recently assumed the cashiership of the Citizens' Bank, of Nepton, where he was previously employed as assistant. By his sterling qualities and business ability he arose to the head of the institution. He is a brother of Mr. Logan Howard, and Mrs. Taylor Chandler and Miss Jennie Howard, of Paris, and Miss Julia Howard, of Washington, D. C.

After an extended wedding trip the couple will return to Nepton where they will make their home.

BRYAN-MCINTYRE.

The marriage of Miss Minnie Ellen McIntyre, of Lexington, to Mr. Clelland

Bryan, of this city, will be celebrated at the home of the bride's parents, Mr. and Mrs. John McIntyre, on Rand avenue, in Lexington, Wednesday afternoon. Rev. Jos. B. Harris will be the officiating minister.

Mr. Bryan is a son of Mr. Frank Bryan, of Paris, and is one of the most popular young men of this city. He is a valued employee of the Louisville and Nashville railroad.

Miss McIntyre is a pretty and attractive young woman and is a favorite with all who know her. After the ceremony the couple will leave Lexington for a short wedding trip and returning will make their home in this city.

FOREIGNERS ENGAGE IN WAR.

In the wars of Serbia and Bulgaria there were Austrians, Russians and many other foreigners, while in Spain one has but to consider the names of certain statesmen of recent years to see how many adventurers have served to make the history of that country.

A warrior named O'Higgins played a chief part in the wars of Chile. In China the leaders have time and again been men of Western race, and it would be interesting to learn how many graduates of Annapolis have served in the Chinese navy. In Morocco but a short time ago it was Kaid McLean who was the moving agent in affairs.

BRITISH FISHING GROUNDS.

As a source of the nation's food supply the fisheries of Great Britain are second only in importance to agriculture. The British Islands are in the midst of fishing grounds of exceptional richness, and large number of the people are attracted by maritime instinct, as well as tradition, to this means of earning a livelihood. Statistics show that some 25,000 boats are engaged in British fisheries, which employ crews of over 100,000 men and boys.

Day Trip to St. Louis.

By leaving Paris on L. & N. train at 8:20 a. m., direct connection is made with the B. & O. S. W. fast train leaving Cincinnati at 12 o'clock noon, daily, arriving at St. Louis at 8 o'clock. Train carries elegant high back seat coaches, parlor cars, electric lighted dining car, and makes direct connection in St. Louis Union Station with all Western, Northwestern, and Southwestern lines. Other B. & O. S. W. St. Louis fast trains leave Cincinnati daily 2:15 a. m., 9:00 a. m. and 9:15 p. m. Night trains have electrically lighted sleeping cars with individual berth lights. For information as to fares and other particulars, consult your local ticket agent, or address S. T. SEELY, T. P. A. B. & O. S. W. R. R., 513 Traction Bldg., Cincinnati, O. 6-1mo

DEATHS AND FUNERALS

STEPHENSON.

Mrs. Anna Stephenson died at 9:30 o'clock Thursday night at her home near Ruddle Mills at the age of 80 years.

Mrs. Stephenson had been twice married, her first husband being James Leonard, and she is survived by three children of that union, Miss Lizzie Leonard, Miss Marie Leonard and Mr. Edward Leonard, all of whom were with their mother when the end came.

Her second husband, Mr. W. E. Stephenson, died about sixteen years ago.

The funeral was held Saturday morning at 10 o'clock at the Paris Catholic Church. Services by Rev. Father Eugene DeBruyn. Burial at the Catholic cemetery. Pallbearers were Dr. C. J. Clarke, William Lydick, John Withers, Nathan Goodman, Harry Thomas and Harry Fay.

John J. Smart, a prominent farmer, died at his home in Nicholas county. He was about sixty years of age. The funeral services were held from the Locust Grove Baptist Church with services by the Rev. Dr. Varder, of Paris, followed by burial in the Locust Grove Cemetery.

MARSHALL.

Mrs. Sarah Marshall, aged 73, died at her home on the Ruddle Mills and Millersburg pike, Saturday afternoon, at three o'clock, after a lingering illness of a complication of diseases. Mrs. Marshall was a member of one of the old prominent families of Central Kentucky, and has a large circle of relatives and friends in this and other states. She was formerly Miss Sarah Thorne, and is the last member of her immediate family, three brothers having preceded her to the grave, Messrs. Harvey and Thomas Thorne, of Millersburg, and Joseph Thorne, of Cynthiana.

She was married early in life to Mr. John Marshall, and their entire married life was spent near Millersburg. Her husband was a prominent farmer and a pronounced success as a financier. Their union was blessed with nine children, six sons and three daughters, two other sons, William and James Marshall, having died a number of years ago, after arriving at the age of young manhood. Her husband, Mr. John Marshall, died about twelve years ago.

She was a member of the Associate Reform Church, and has been a devout Christian worker all her life. She is survived by four sons, Thomas Marshall, of Millersburg; Deputy Sheriff C. E. Marshall, of Paris; Chas. and John Marshall, of Lexington; and three daughters, Mesdames H. B. Blakely, of Fayetteville, Tenn.; R. L. Robison, of Due West, South Carolina, and Miss Ella Marshall, of Millersburg.

The funeral took place yesterday morning at 10 o'clock from her late residence, and was conducted by Rev. A. S. Venable, of the Presbyterian church. Interment in Millersburg cemetery. The pallbearers were: John Thorne, W. D. McIntyre, Wallace Shannon, Ernest Thorne, G. S. Allen, W. T. Thorne.

STOCK AND FARM NOTES

Warren Bacon, of Washington, C. H., O., formerly of Paris, is handling Peter Billiken (3) 2:16 1/2, and sent him a mile in 2:18 1/2 last week. He is by Peter the Great, 16 1/2 hands high and weighs about 125 pounds.

Kentucky and Tennessee lambs born this year are extra fine in quality, although some reports claim that the Tennessee crop is a little short in numbers, says Coleman's Rural World. The Tennessee lambs have made a rapid growth, and the greater part of these will be marketed during the latter part of May and through June. Kentucky's crop of lambs is of an average in size as the ewes were bred to lamb later than usual. Most shipments to market will be made during July and August.

The Burley Tobacco Company, which now has a large loose leaf warehouse in Carlisle, will, it is reported, have another house by the opening of the next season. President Clarence LeBus and other members of the committee have been in Carlisle on this account.

H. S. Caywood, of North Middletown, buyer for Swift & Co., has bought from Woodford Bros., of Montgomery county, 500 head of cattle, which have been fed at a distillery, to be taken immediately. The cattle will weigh about 1,250 pounds each, and brought \$7.60 per 100 lbs. The deal involves more than \$17,000.

VERSAILLES GRANTS FRANCHISE

The City Council of Versailles granted a franchise to the Central Kentucky Natural Gas Company to lay mains and pipes and furnish natural gas to this city for lighting and heating purposes. The company expects to have its line completed to Versailles by the first of next December.

KENTUCKY CONFERENCE.

Epworth League at Nicholasville Beginning June 23.

The Kentucky Conference of the Epworth League of the M. E. Church, South, will be held at Nicholasville commencing on the evening of June 23 and will continue for three days. The church of this city will be represented at the conference by Rev. J. S. Sims, pastor, while Mr. Dennis V. Snapp will go as a delegate from the Senior Epworth League and Miss Minnie Shy, Junior Superintendent of the Paris League, will be a delegate from the Junior organization. 3:00 p. m.—Business Session. Reports of Officers. Miscellaneous.

8:00 p. m.—Address, "Our Cuban Work." Illustrated with Magic Lantern Views. Dr. F. S. Parker.

WHY HOME-MIXED FERTILIZER?

The discussion of factory-mixed versus home-mixed fertilizer is once more taking a prominent place wherever farmers congregate. Even the bonanza farmers of the once-virgin prairies now begin to share in these discussions. Unquestionably farmers who are organized can profit by purchasing the separate ingredients and mixing them at home. So can they profit by pooling their purchase of mixed goods, if intelligent discrimination is used by the buyer.

The greatest gain coming to farmers by practicing home mixing for a season or two, at least, is their becoming familiar with different grades of fertilizer and getting a clear comprehension of the sources of the most important kinds of plant-food. The farmer who has never studied out the matter of home mixing as a rule feels satisfied with brands of ready-mixed fertilizer analyzing too low to give the fullest value from its use. Brands showing 1:8:2 have a very different meaning from a 3:7:10 brand, after a farmer has mixed his own fertilizer a few times. Home mixing is to be recommended as an educational influence, if for no other reason. After a farmer becomes competent to mix his own fertilizer, he is ready to purchase ready-mixed goods discriminatingly, if it seems desirable to do so.

Graduating Gifts.

We have a beautiful selection of graduating gifts, such as books, fancy picture frames, etc. Come in and look them over.

6tf PARIS BOOK STORE.

PLAYING TRICKS

ON THE MONARCH.

On the first consignment of seiditz powders in the capital of Delhi the monarch became deeply interested in the accounts of the refreshing draught. A box was brought to the King in full court, and the interpreter explained to His Majesty how it should be used.

Into a goblet he put the contents of the twelve blue papers, and, having added water, the King drank it off. This was the alkali, and the royal countenance expressed no signs of satisfaction. It was then explained that in the combination of the two powders lay the luxury, and the twelve white powders were quickly dissolved and as eagerly swallowed by His Majesty.

With a wild shriek that will be remembered while Delhi is numbered among the kingdoms, the monarch rose, staggered, exploded, and in his full agonies, screamed, "Hold me down!" then, rushing from the throne, fell prostrate on the floor.

There he lay during the long-continued aftereffects of the compound, spurring like 10,000 pennyworth of Imperial pop, and believing himself in the agonies of death—a melancholy and humiliating proof that kings are mortal.

Appetizing Breakfasts Prepared Right on the Dining Table!

With the Electric Grill, the most convenient of Electrical Cooking devices. Simply attach to any convenient lamp socket and in less than 15 seconds the coils of the Grill are ready for use. Bacon may be broiled underneath at the same time that toast is being made on top. You can boil, fry or poach eggs, fry chops, make griddle cakes, in fact, you will find new uses for the Electric Grill almost every day.

IS YOUR HOME WIRED?

If not, we will do the work AT COST.

—Miss Elizabeth Hinton, the attractive daughter of Judge and Mrs. E. T. Hinton, gave a delightful boating party Thursday afternoon in compliment to her charming house guests, Misses June May, of Memphis, Tenn., and Robena Ginn, of Ashland, Ky., both of whom were school mates of their hostess at Hamilton College.

The party returned from Stoner creek about 6:30 o'clock, when a delicious buffet luncheon was served at the home on Pleasant street. Those who enjoyed the lovely party besides the honor guests and the hostess were Misses Matilda James, Louise Steele, Frances and Mary Mitchell Clay, Margaret Ardery, Nellie Crutcher, Marguerite Douglass, Elizabeth Yerkes, Anne Embry, Messrs. Joseph Davis, Douglass Clay, Edward Fithian, John Stewart, Thomas Prichard, Roy Batterson, John Price, Blair Varden, Sidney Ardery, William Talbot, William Ardery and Mr. Ginn. The party was chaperoned by Judge Hinton and Miss Elmata Hinton.

—The Bourbon Dancing Club entertained with its annual summer dance at the Elks' Hall, Friday, evening. The event was one of the most delightful of the season. Kidd's orchestra furnished the music. Following are those who attended:

Misses Matilda James, Anna Wilson, Elizabeth Renick, Sarah Chowning, (Shelbyville), Carolyn Roseberry, Anna Embry, Lucille Dixon (Covington), Frances Luke and Sue Ford Offutt (Georgetown), Alice Rogers Clay, Margaret Ferguson, Caroline Colcord (Oklahoma City, Okla.), Mary Mitchell Clay, Frances Clay, Elizabeth Steele, Louise Steele, Elizabeth Hito, Margaret Ardery, Marie Talbot, Eleanor Tevis (Danville), Mildred Johnson (Winchester), Miss Johnson (Ohio); Messrs. Willie Hall, John Ford, Ras Ware, Chas. Ferguson, (Georgetown); Gay Drake, (Lexington); Field VanMeter, Felix, Renick (Winchester); Calvert Early (Maysville); Logan Threlkeld (Nicholasville); John Herndon (Owenton); ton; Field VanMeter, Felix Renick Pay Ardery, John Ardery, Sidney Ardery, Harry Horton, Joe Davis, Coleman Renick, Blair Varden, Chas. Fithian, Harry Brent Fithian, Owen Gibson, Ireland Davis, Douglas Clay, Clay Southerland, Hope Weidemann, Charlton Clay, Hugh Ferguson, Wm. Kenney Ferguson, C. G. Thompson, Edw. Fithian, Wm. Talbot, John Price, Tom Prichard, Duke Brown, Ernest Martin, Jack Revelle.

Chaperones—Mrs. F. P. Clay, Mr. and Mrs. C. N. Fithian, Mr. and Mrs. S. G. Clay, Mr. and Mrs. White Varden, Mr. and Mrs. Withers Davis, Mrs.

J. B. Wilson, Mr. and Mrs. Ford Brent, Mr. and Mrs. J. S. Roberts.

—Hon. C. M. Thomas leaves this week for a business trip to Mississippi.

—Mrs. Albert Lyons is confined to her home from an attack of appendicitis.

—Mr. Clark Wilson returned yesterday after a two weeks' sojourn at Oil Springs.

—Miss Mary Allen Hutchcraft has issued invitations to a card party for this evening.

—Miss Louise Steele will go to Olympia Springs Wednesday for a visit to friends.

—President Atchison, of Caldwell College, was the guest yesterday of Miss Nellie Fithian.

—Mrs. Mary Prawl Mason, of Danville, is the guest of the Misses Williams, on Pleasant street.

—Mrs. Woodford Daniel left Sunday for a visit to her cousin, Miss Ruth Hadley Myall, in Liberty, Mo.

—Mr. and Mrs. S. G. Clay will entertain with a dance at Elks' Hall on Friday evening in honor of their guest, Miss Mary Stuart Alexander.

—Mr. and Mrs. W. H. Gaines of DeKalb, Ill., who have been the guests of Mr. and Mrs. Letcher Cash, on Nineteenth street, returned Sunday to their home.

WILL PREACH FAMOUS SERMON.

The colored camp meeting which has been in progress at the old fair grounds during the past week was well attended Sunday, many of the white people of Paris being in attendance to hear the sermon preached by Rev. R. Quarles, the colored evangelist. The meeting will continue through this week and next Sunday afternoon at 4 o'clock the colored minister, upon request of a large number of white people, will preach his famous sermon, the subject of which is "The Return of the Prodigal Son."

EPIDEMIC AMONG HORSES IN MADISON COUNTY.

Liverymen and veterinarians throughout Madison county are alarmed over an epidemic among the horses which has caused a speedy death of many livery and delivery horses in Richmond, Lancaster, and other cities, and which has been pronounced a species of the disease among animals known as black tongue. As a result all livery stables in Richmond have been closed indefinitely, and business is more or less at a standstill, farmers refusing to enter the city with their horses, fearing to subject them to the disease. At Irvine a few days ago, three rigs from this city were stopped about a mile from Irvine and were refused admission there, fearing the spread of the disease to that section.

State Veterinarian Robert Graham, of the State Experiment Station, of Lexington, was in Richmond last week investigating the disease, and has been called to other parts of the State to look into similar troubles.

The disease is strange among horses according to local veterinarians, being found chiefly in dogs. It is believed by some to be caused by a fly and resembles epizootic in many ways.

MINSTREL MEN WILL MEET.

All those interested in the minstrel to be given for the benefit of the Massie Memorial Hospital are requested to meet at the Elks' building this evening at 8:30 o'clock.

HEMP ON FREE LIST

Where Senate Sub-Committee Places Other Products.

Hemp, the growing of which was once a powerful Kentucky industry, has been placed on the free list by the sub-committee of the Finance Committee, presided over by Senator Williams. Flourspar, another Kentucky product, has been kept dutiable at \$1.50 a ton, one half of the prevailing rate of \$3, assessed in the Payne bill. The House draft of the Tariff Bill put a duty of \$11.20 a ton on hemp, a reduction from the Payne law, which taxed it at \$22.50. But the Senate sub-committee has free-listed it, along with other products of the farm.

A decade ago this change would have been a material one for Kentucky. Then, hemp-growing was a flourishing industry, but of late years tobacco has almost entirely superseded it, and only one or two plantations bear important hemp crops. Nevertheless Kentucky produces 55 per cent. of the hemp crop of the United States, and therefore the chief effect of free listing the fiber will be felt in Kentucky, mainly the Bluegrass section.

When the House committee was holding hearings on the Underwood bill, Hon. C. M. Thomas, of this city, filed a brief in behalf of Kentucky hemp producers, asking that the rate of \$22.50 in the Payne law be maintained. This rate the committee reduced to \$11.20, however, although Chairman Underwood personally considered \$22.50 a reasonable duty, in view of the competitive conditions abroad. When the Senate committee came to consider hemp, they put it in a group along with the other farm products and declared there was no legitimate reason for exempting hemp, when wheat, oats, flour and meats were going on the free list.

As for flourspar, the cutting in half of its present duty of \$3 a ton was done over the protests of producers in Western Kentucky, who say that they will have great difficulty now in competing with the English spar, which is mined without effort from great piles of waste lying beside the old tin mines.

The Kentucky spar, on the contrary, must be mined with great effort, and the freight rate on it to the steel-producing center is as large and larger than the rate on English spar across the ocean.

STOCK AND FARM NOTES

The largest single purchase of cattle ever made by an Evansville, Ind., buyer, was put through Tuesday when the Union Stock Yards at that place got 600 head of distillery mated cattle from Kentucky owners. The cattle averaged 1,200 pounds in weight and brought \$60,000.

Truck Replaced Three Teams

In eleven months this three-ton KisselKar Truck covered in actual service 4,760 miles at a fuel cost of \$1.08 per day. Manned by a driver and one helper, it replaced three teams of horses. The average daily burden was 37 17.20ths tons. It carried an average load of four tons—one ton overload—but in the entire period named, was laid up only two and one-half hours for repairs.

"We can recommend the KisselKar Truck and assure that it lives up to its guarantee," writes Thomas E. Fleischer, manager of the Sheboygan Lime Works.

Two and one-half hours for repairs, carrying over 37 tons per day is a record worthy of notice. KisselKar Trucks cost little to maintain and are economical to operate because the problem is solved in KisselKar construction.

Note these striking KisselKar features—Simple engine—easy to operate—reserve power—excess capacity—differential lock preventing one drive wheel absorbing all the power on slippery places, and stalling the truck—four speed transmitters geared up—fourth speed permitting high speed when desired without racing engine; 15 to 20 per cent. lower fuel consumption than average trucks—light spring suspension for power plant, heavy spring suspension for load—gauge that weighs load—greatest accessibility—easy control—larger brake drums, and extra powerful brakes—special bodies designed to meet every need.

KisselKar Trucks

1500 lbs.-1-2-3-4 and 5 Tons

In the range of capacity, 1500 lbs. to 5 tons, you can find just the type that fills your requirements—and with the KisselKar Truck goes the KisselKar Service, which is the manufacturer's guarantee of satisfaction.

KisselKar Service means taking off your hands all of the mechanical details. A special service building is maintained in this city for the benefit of KisselKar owners. The KisselKar service is a broad and comprehensive arrangement between manufacturer and owners that cares for the car, maintains efficiency, retards depreciation and minimizes upkeep. This service is a valuable consideration in the purchase of a power wagon. Investigate it.

Ask us to analyze your present horse haulage as compared to motor haulage. The result will be interesting.

Send for free book showing KisselKar Trucks in actual use in your line and many other lines of business.

The Following Lines of Business Have Recently Bought Kissel-Kar Trucks

HUSBAND RESCUED DESPAIRING WIFE

After Four Years of Discouraging Conditions, Mrs. Bullock Gave Up in Despair. Husband Came to Rescue.

Patron, Ky.—In an interesting letter from this place, Mrs. Bettie Bullock writes as follows: "I suffered for four years, with womanly troubles, and during this time, I could only sit up for a little while, and could not walk anywhere at all. At times, I would have severe pains in my left side.

The doctor was called in, and his treatment relieved me for a while, but I was soon confined to my bed again. After that, nothing seemed to do me any good.

I had gotten so weak I could not stand, and I gave up in despair.

At last, my husband got me a bottle of Cardui, the woman's tonic, and I commenced taking it. From the very first dose, I could tell it was helping me. I can now walk two miles without its tiring me, and am doing all my work."

If you are all run down from womanly troubles, don't give up in despair. Try Cardui, the woman's tonic. It has helped more than a million women, in its 50 years of continuous success, and should surely help you, too. Your druggist has sold Cardui for years. He knows what it will do. Ask him. He will recommend it. Begin taking Cardui today.

Write to: Chattanooga Medicine Co., Ladies' Advisory Dept., Chattanooga, Tenn., for Special Instructions on your case and 64-page book, "Home Treatment for Women," sent in plain wrapper.

Instant Relief from Eczema

You can stop that awful itch from eczema and other skin troubles in two seconds.
Seems too good to be true—but it is true, and we vouch for it.
Just a few drops of the simple, cooling wash, the D.D.D. Prescription for eczema, and the itch stops instantly. We give you enough to prove it for 50 cents.
Now, if you have tried a great many cures for eczema and have been disap-

pointed, do not make the mistake of refusing to try this soothing wash. All other druggists keep this D.D.D. Prescription—go to them if you can't come to us—but if you come to our store we will give you the first dollar bottle on our positive no pay guarantee, that D.D.D. will stop the itch at once.
D.D.D. Soap keeps the pores healthy ask us about it.

Report of Annual Christian Church Council.

Rev. Mr. G. H. Harris, rector of St. Peter's Episcopal Church, of Paris, has been in attendance upon the Annual Council of the Episcopal Church in the Diocese of Lexington, which was held in St. John's Church, Versailles, on Tuesday, Wednesday, and Thursday. Several members of the Paris congregation also attended, among them Mrs. Laura Wiggins and Mrs. Nellie Highland, who took part in the meetings of the Woman Auxiliary. There was a very large attendance of delegates and visitors.

The Council sermon was preached Tuesday night by the Very Rev. R. K. Massie, D. D., Dean of Christ Church Cathedral, Lexington, his subject being "The Distinctive Contribution of Our Church to the Religious Life of the Day." The Woodford Sun thus comments on the sermon and the preacher: "The fine spirit of this sermon, its breadth and clearness, commended it no less to those of other folds than to Episcopalians. It was an able sermon by an able man."

Wednesday night Margaret College entertained the clergy, lay delegates, visitors and members of St. John's parish at a delightful dinner, at the conclusion of which excellent short addresses were made by Rev. J. M. Maxon, Hon. J. N. Camden, Mr. A. D. Cole, of Maysville, and Rev. J. M. Magruder, of Trinity Church, Covington. Bishop Burton was the toastmaster. The practical issue of this dinner and the speeches was the formation of an organization under the enthusiastic leadership of Mr. J. N. Camden, which all feel will result in a much wider and stronger support of the College.

Wednesday morning was largely devoted to the elections. The following were chosen deputies to the General Convention, which is to meet in New York next October: Rev. J. M. Maxon and Mr. J. N. Camden, of Versailles; Rev. J. M. Magruder and Mr. W. D. Spalding, of Covington; Very Rev. R. K. Massie and Mr. John T. Shelby, of Lexington; Rev. G. H. Harris, of Paris; and Mr. A. D. Cole, of Maysville.

Among the things done by the Council perhaps that which is of the most general interest and significance is the action which it took in the cause of eugenics. Dean Massie offered a resolution which was unanimously adopted and which brings the Episcopal Church in the Diocese of Lexington into line with the forward movement which this Church has led in Chicago and in other parts of the land in respect of this matter. The resolution is as follows:

"Resolved, that it is the sense of the Council of the Diocese of Lexington that the clergy of this diocese will be justified in their action, if before they perform any marriage service hereafter, they require of the man desiring to be married that he secure from the family physician of the proposed bride, or from some other reputable physician, designated by such said family physician, a certificate to the effect that the man has no communicable disease of immoral origin."

The deliberations of the Council were presided over by the Rt. Rev. L. W. Burton, D. D., and the women's meetings by Miss Kate Scudder, of Covington. Rev. G. H. Harris was re-elected Secretary of the Council and of the Diocese and also a member of the Standing Committee.

Rev. Mr. Maxon and his people had spared no expense and no effort in providing the most delightful entertainment for all the delegates and visitors. The Council was the very best in the history of the Diocese, and the past year has been one of marked and substantial progress for the Episcopal Church in this part of Kentucky. Nearly \$19,000 of indebtedness has been wiped out, new missions have been opened in the schools started, some of the older and strongest parishes have enlarged their work and are seeking to adapt it so as to more efficiently meet changed conditions and an able social service commission is preparing to cooperate with the various Christian social workers of this and other states in an effort to secure better working and living conditions for all men, women and children.

The silver tea which was given Thursday afternoon at the home of Mrs. Wade H. Whitley, on Vine street, for the benefit of the Babies' Health League, was one of the prettiest social events of the summer season. It was in the nature of a lawn party, the lovely lawn of the home, which is one of the most attractive in the city, being well adapted to such an event. Baskets and bowls of the Dorothy Perkins and crimson rambler roses lent an additional charm to the beauty of the broad veranda and were used to decorate the refreshment tables. Mrs. W. B. Ardrey received the money and presided over the register in which the guests wrote their names, while Mrs. Lewis Taylor served iced tea and Mrs. F. L. Lapsley poured coffee, at beautifully appointed tables. Mrs. Withers Davis and other members of the league passed dainty sandwiches. Altogether it was a delightful gathering of ladies and interest in the good work being done for the babies was greatly stimulated.

WARD WILL TAKE ACTION.

As a result of complaints that the crew of a government snagboat dynamited a favorite fishing hole in the Kentucky River at the mouth of Elk-horn, in removing snags, the Game and Fish Department has carried the complaint before the War Department, and Government officials taking fish from lock pits or otherwise violating the fish and game laws of this State will be proceeded against by the Fish and Game Commission, it is stated in Frankfort. Numerous complaints have been filed with J. Quincy Ward, executive agent for the Fish and Game Commission, to the effect that Government employees have been taking fish from the lock pits in violation of the law, and Mr. Ward laid the matter before the Government officials, who authorized him to take action against all government employees guilty of such offenses.

TO PREVENT FLIES FROM BREEDING

Keep the manure, while it is in the stable, in a closed bin or pit.
Screen stables if possible.
Remove the manure at least twice a week.

Every time the stalls are cleaned and the manure placed in the pit or bin sprinkle it with dry plaster (powdered gypsum) or slaked lime.

Be sure that you sprinkle the cracks and crevices of the bin or pit as well as the cracks between the planking of the stall floors.

If flies begin to breed in stored manure they may be killed by thoroughly spraying it with kerosene or paris green and then pouring on enough water to wash the oil or poison well in.

The objection to the use of kerosene is that it ruins the manure for fertilizing purposes. A solution of iron sulphate (one pound to a gallon), applied at the rate of one gallon a day in a stable where one horse is kept, will kill all the maggots. It costs about \$1 per 100 pounds, so that the cost of keeping flies from breeding in a one horse stable is about 1 cent a day.

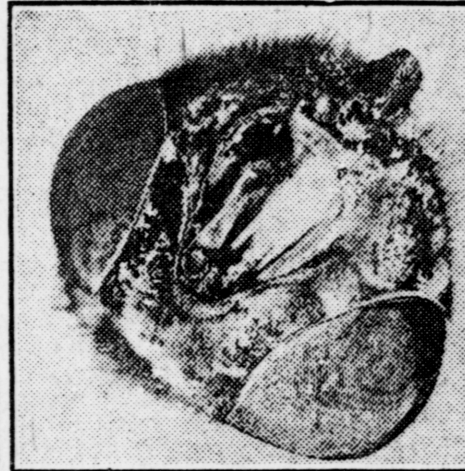

It is well to abolish old fashioned outhouses where possible. Where this cannot be done a liberal amount of lime should be used, applied in small amounts daily. Chloride of lime is better than slaked lime, but slaked lime is better than none at all.

Garbage cans should be thoroughly cleaned after emptying, and the contents should be sprinkled with crude oil, lime or kerosene oil.

FEAR THE FLY.

If flies were feared as is bad water there would be little typhoid.

THE DEATH'S HEAD

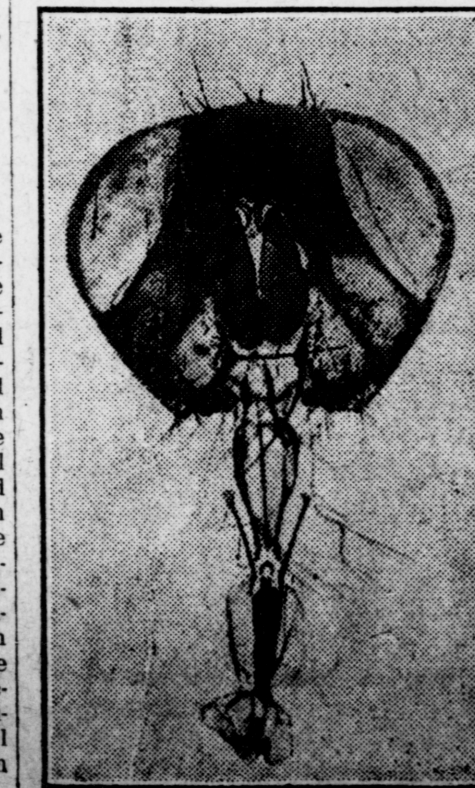

Not the kind you usually see—sightless and harmless—but alive and all seeing. The fly is one of the busiest workers in the animal kingdom, AND HE IS WORKING FOR OUR DESTRUCTION. The only way to destroy the fly is to starve him.

Screens in the windows prevent crape on the door.

FLY PREVENTION RULES.

"An ounce of prevention is worth a pound of cure." This is the time to use all means for the prevention of the spread of flies. Begin early and then keep everlastingly at it. The vigilant fly will use every opportunity that he gets—remember that. Here are several "don'ts" that will aid in fighting the fly:
Don't dine at a hotel or restaurant where flies are tolerated.
Don't allow flies in your house.
Don't permit them near your food, especially milk.
Don't buy food where flies are permitted.
Don't allow them in a sick-room.
Don't allow them to crawl over the baby or the nipple of its nursing bottle.
Screen every window and door in your house and keep it up until you start your furnace.
Have separate screen covers over all exposed food.
Let cleanliness and cleanliness and yet more cleanliness be your motto all summer long.

BURLEY

Black Percheron. Weight 1766
\$15.00 To Insure

BURLEY is a splendid specimen of the draft horse and his get have proved to be of the very best. There is a steadily growing demand for the class of horses produced by Burley, both upon the farm and in the cities. They can stand more work than the average horse. He is 7 years old, a beautiful black, well formed and of the class that catches the eye. In selecting a horse to breed to pick one whose produce commands the best price.

The Above Horses Will Make The Season of 1913 At
Woodland Stock Farm.

About 7 miles north of Paris on the Cynthiana pike. Money due when colt is foaled, mare transferred or bred to other stock without my consent. Lien retained on all colts until season money is paid. Care taken to prevent accidents but no responsibility assumed should any occur.

STERLING HINKSON, J. Lair, Ky.

The Sanitary Shop!

With all the latest devices installed in my shop to make it absolutely sanitary and clean, including a Patent Towel Sterilizer, Individual Cups, Soap, etc., believe we have the most modern shop in Paris. We have just installed a new Porcelain Tub and an up-to-date Bathroom. Hot water at all times. Three Barbers, all experts. We would like to have your trade. I take this method of soliciting it. Is there a reason why we should not receive it? Respectfully,

Russ Corbin.

Flagged Train With Shirt.

Tearing his shirt from his back an Ohio man flagged a train and saved it from a wreck, but H. T. Alston, Raleigh, N. C., once prevented a wreck with Electric Bitters. "I was in a terrible plight when I began to use them and my stomach, head, back and kidneys," he writes, "were all badly affected and my liver was in bad condition but four bottles Electric Bitters made me feel like a new man." A trial will convince you of its matchless merit for the stomach, liver or kidney trouble. Price 50 cents at Oberdorfer's.

ONE DROP

down the throat of a "gapey" chicken destroys the worms and saves the chick's life. A few drops in the drinking water

CURES AND PREVENTS GAPES

CARL CRAWFORD

NEWS OF MILLERSBURG

—Miss Katherine Linville, who has been quite ill, is improving.

—Mrs. Emma Long left Friday for a visit to relatives in Georgetown.

—Regular meeting of Amity Lodge No. 40, F. and A. M. this evening at 7:30.

—Mrs. M. R. Collier is visiting her daughter, Mrs. W. G. McClintock, in Paris.

—Mr. Wallace Shannon, of Louisville, was here on business Friday and Saturday.

—Mrs. Lutie Becraft and little son, of Paris, are guests of Mr. and Mrs. T. J. Jefferson.

—Mr. and Mrs. L. E. Collins, of Paris, were guests of her parents, Mr. and Mrs. Jos. Williams, Sunday.

—Miss Davis left Friday for her home at Indianapolis, Ind., after a two weeks' visit to Mrs. O. E. Hurst.

—Mrs. Mary Whaley has returned after spending a week at the bedside of her mother, Mrs. Nancy Myers, at Paris.

—Mr. and Mrs. J. T. Judy entertained a number of their friends Thursday evening with a six-o'clock dinner.

—Mr. and Mrs. O. S. Johnson, of Winchester, were guests of Mr. and Mrs. O. M. Johnson from Saturday to Monday.

—Messrs. E. B. Taylor and W. F. Saunders were in Cincinnati Thursday and Friday, returning in Mr. Saunders' new automobile.

—Mr. W. V. Shaw visited his wife at Butler from Saturday until Monday, Mrs. Shaw being at the home of her mother, Mrs. Harding.

—Mrs. T. D. Judy and daughters, Miss Belle T. Judy and Mrs. K. R. Vaught, were guests of Mr. and Mrs. Thos. Pickrell, in Carlisle, Friday.

—The many friends of Mrs. W. G. Dailey will regret to learn that she is not doing as well as might be expected at St. Joseph Hospital in Lexington.

—Miss Margaret Houston has resigned her position as day operator for the Bourbon Home Telephone Co., and is succeeded by Miss Fay McWhorters, who for some time has held the position of night operator.

—Miss Nancy Whaley resigned her position as clerk in the post office Saturday. Miss Whaley has occupied this position for a year. She was succeeded by Mr. John Letton, who entered upon his duties Sunday.

—Mr. and Mrs. K. R. Vaught and Miss Duncan, accompanied by Miss Belle T. Judy, left Saturday for their home at Parker, Ind., after a visit of several weeks to Mrs. Vaught's parents, Mr. and Mrs. T. D. Judy.

—Mr. Reese Ingels, son of Mr. and Mrs. F. B. Ingels, while riding a horse Saturday afternoon in a pasture on his father's farm, without a saddle, in an effort to drive other horses from one field to another, was thrown to the ground, sustaining severe bruises and cuts about the head. He was unconscious for some time. His injuries are not serious.

—Mrs. U. S. G. Pepper and daughter, Christine, have returned after a week's visit in Cincinnati. They were accompanied by Miss Jennie Maurie Pepper, who has completed her course

at the Schuster School of Dramatic Art and Expression. Mrs. Pepper and daughter were in Cincinnati to attend the graduation of Miss Jennie Maurie Pepper.

—Mrs. Harry Linville, her little daughter, and sister, Mrs. Fryman, while driving from Carlisle to Millersburg Saturday afternoon, met with a serious accident as they were approaching the home of Mr. J. F. Miller, three miles north of Millersburg. On the Maysville pike they met the automobile truck of Mr. S. T. Barlow. Their horse became unmanageable, throwing the occupants of the buggy out on to the pike, dragging Mrs. Linville for a considerable distance and almost completely ruining the buggy. Mrs. Linville received several severe cuts about the head and face. The clothing was almost torn from her body, while her daughter received several cuts on the arms and hands. Mrs. Fryman was injured about the knee. They were taken to the office of Dr. W. V. Huffman, Mrs. Linville being in an unconscious condition, where their wounds were dressed and later in the evening were taken to their homes. It was thought at first that Mrs. Linville's condition was very serious. Later developments, however, show that her condition is not as bad as was first believed, though her wounds are very painful.

—Our town and community was somewhat surprised Friday morning when it became generally known that Miss Sarah Ethel Collins and Mr. Ellis D. Baldwin were united in marriage on the Tuesday previous in Cincinnati. The young couple have been sweethearts for some time, and it was generally known by their friends that their wedding was not far distant, but those most intimately associated with them did not know that it was to have taken place at this time. It has since developed that the wedding would have taken place several weeks ago, had it not been for the illness of the bride. Miss Collins is one of Millersburg's most charming and attractive young ladies, the youngest daughter of Mrs. Fannie Collins, and has a large circle of friends and relatives throughout Central Kentucky. Mr. Baldwin is the junior member of the firm of McIntyre & Baldwin, proprietors of a livery and sale stable, he having recently identified himself with the firm, as a successor of the late S. B. Turner. He is a native of Mason county and has many friends in this community, and has resided in Millersburg for three years. He is a prosperous young business man and this young couple begin life under the most auspicious circumstances.

They are the recipients of showers of congratulations, and numerous useful presents. They will be at home to their friends at the home of her mother, Mrs. Frankie Collins, after June 18.

—Mayor W. D. Wadell was in Cincinnati from Saturday to Monday.

—Mr. J. J. Peed will leave to-morrow for a two weeks' stay at Swango Springs.

—Miss Mary Vimont, of Lexington, is the guest of her aunt, Mrs. J. C. Layson.

—Miss Irene Packett and Dorothy Peed left Monday for Richmond to attend the State Normal School.

—Miss Althe Ball left for Cincinnati,

a Monday returning today accompanied by her sister, Mrs. A. C. Strode, of Chester, Montana, who will spend the summer with relatives here.

—The Christian Endeavor Society of the Christian Church, will serve ices and cakes in the park Saturday evening. Everyone invited. 17-2t

Bourbon Horses in Futurity.

The entries for the Kentucky Futurity have been announced by Secretary Williams, of the Kentucky Trotting Horse Breeders' Association. Two horses owned by Bourbon men are among the list of eligibles. They are as follows: J. M. Hall (W. L. Spears),—Beautiful Lady, blk f, by Egyptian Byron—Little Twin. Charlton Alexander, Pine Knot, b g, by Tregantel—Lula Glaser.

ASTOR ESTATE APPRAISED.

The estate of Col. John Jacob Astor was officially appraised in New York at close to \$88,000,000. It is said to be the largest estate ever appraised in the United States. Vincent Astor will get \$68,964,499.

FEAR DESTRUCTION OF CHURCH.

Further underground borings in the vicinity of St. Paul's in London have been suspended, owing to the condition of the historic structure. It is feared that the passage of trains through the tunnels would have the effect of causing the demolition of the structure. The foundations have been found to be seriously affected, and the chief cause is the failure of stone which was placed there by Sir Christopher Wren, after the material had already done centuries of service in the previous structure. These stones are now supporting considerable weight, although they must have been hewn many centuries ago. They bear the unmistakable evidence of old Roman workmanship.

According to an Italian scientist, a square mile of the earth, in six hours of sun shine, receives heat equivalent to the combustion of more than 2,600 tons of coal.

TIRED OUT, NERVOUS AND DISCOURAGED.

Tona Vita Will Bring Back Strength And Ambition Almost At Once

No time like the present to get well. If you are run down, with little strength or ambition, don't put off doing something about it another day. You owe it to yourself, your friends and yourself to throw off this dull, dragging, nervous condition. Tona Vita is what your system needs. This great medicine is now recognized as the National Tonic and is endorsed by physicians generally. Tona Vita will build you up in a few weeks' time. Don't be nervous, depressed, half sick a day longer. Get it today. If you have lost flesh weigh yourself after taking it a week. You will be astonished by the weight you have gained.

Tona Vita is sold by Charles E. Butler & Co.

CITY COUNCIL MEETS

IN REGULAR SESSION.

The City Council met in regular session Thursday evening with Mayor J. T. Hinton presiding, and the following members present: Councilmen D. C. Parrish, W. O. Hinton, Harry Baldwin, George D. Speakes, W. T. Brooks, F. P. Walker and William Kenney.

Prof. William Yerkes was before the Council as President of the Board of Trustees of the W. W. Massie Memorial Hospital. Mr. Yerkes reported Mrs. Green Clay, of Mexico, Mo., and asked the Council to accept the gift of \$5,000 to the hospital, by gift, which was done.

Mr. Yerkes reported that the hospital trustees had elected Mr. W. O. Hinton as Treasurer of the institution and asked the Council to approve the selection and fix a bond. The appointment was ratified and Mr. Hinton's bond fixed at \$5,000.

Mr. Yerkes asked the Council for an appropriation to help maintain the hospital, and also stated that no provision had been made for screening the building, besides other items of expense that necessarily would have to be met.

Councilman Hinton stated that his report as a member of the Finance Committee included a levy for the benefit of the hospital. Mr. Hinton recommended however, that as the Hospital Trustees had no ready money on hand to meet pressing needs, that the Council donate \$1,500 for immediate use. The recommendation was adopted and the money appropriated.

The City Sanitary Committee recently ordered to make a survey for the sewer on the east side of Paris, reported that they had not completed their labors, and asked for more time, which was granted.

The question of buying a fire fighting apparatus was brought up and considered by the Council. Mr. Edward Tipton, of Lexington, representing the White Auto Company, of Cleveland, Ohio, was present and explained the merits of his machine. He made the Council a proposition to bring one of his fire fighting machines to Paris to let the Mayor and Board of Council see it in operation, without cost to the city. The proposition was accepted.

The following building permits were granted:

W. D. Lykins was granted a permit to build a two-story frame dwelling house on East Tenth street. Approximate cost, \$1,600.

Tillie Smith was granted a permit to erect a frame addition to house on Maple street. Probable cost \$250. Annie Hedges was granted permit to erect a one-story frame addition to house on Williams street. Probable cost \$50.

Frank P. Kiser was granted a permit to erect a one-story five-room frame cottage on Maysville street. Probable cost \$900.

Sam Bedinger was granted permit to build a one-story frame addition to house on Higgins Avenue. Probable cost \$50.

Several piers 1,000 feet in length will be constructed at the Atlantic end of the Panama Canal.

There's a world of satisfaction in buying Uneeda Biscuit because you know you will get what you want—soda crackers that are oven-fresh, crisp, clean, appetizing and nourishing.

Uneeda Biscuit are always uniform in quality—they are always alike in crispness, in flavor—they are soda crackers you can depend upon. And all because Uneeda Biscuit are uncommon soda crackers packed in an uncommon way.

Five cents everywhere in the moisture-proof package.

NATIONAL BISCUIT COMPANY

HEAVY WARRANTS MUST BE ISSUED.

The Court of Appeals, by Chief Justice Hobson, Friday, sustained the mandamus granted the State University against Henry M. Bosworth, Auditor, to compel him to issue a warrant for money appropriated by the General Assembly, for the agricultural experiment station at Lexington.

A motion to dismiss the action, made by Attorney General Garnett, acting under the statute prohibiting State institutions from employing special counsel, was overruled, the court holding that in this case the Attorney General was acting for the Auditor, and refused to employ outside counsel to bring the action on behalf of the university.

The General Assembly appropriated \$50,000 annually to be paid quarterly for the experiment station, but Auditor Bosworth refused to issue a warrant.

SENTENCED TO PRISON.

The jury in the case of Jasper Conrad returned a verdict of manslaughter, in Cynthia, Friday afternoon for the killing of Tracy Duncan, after deliberating for four hours. The penalty is from two to twenty-one years in the penitentiary. The defense will take the case to the Court of Appeals. In the case of Luther Conrad, whose recent trial resulted in a hung jury, Judge Fryer allowed bail in the sum of \$10,000, which he has not given as yet. The trials of Luther and Walter Conrad have been set for June 23, at a special session of court.

DETAILS OF SENDING PARCELS POST C. O. D.

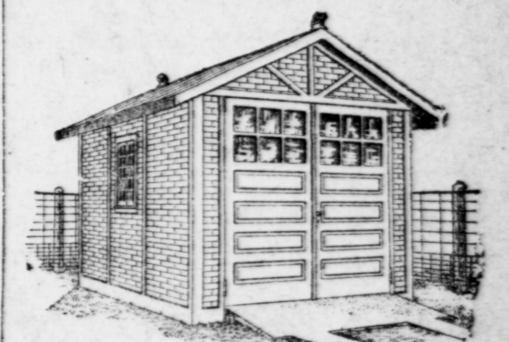

Instructions to postmasters were issued this week handling of new C. O. D. parcel post packages. The regulations will be effective July 1.

Charges on packages will be collected from addressees on and after that date provided the amount on a single parcel does not exceed \$100. The fee for collection will be 10 cents in parcel post stamps, to be affixed by the sender. This fee also

will insure the package against loss to the actual value of the contents, not exceeding \$50.

The sender will get a receipt showing the amount to be collected, the amount also appearing on a tag attached to the package. The addressee will receive the package on the tag, which will serve as an application for a money order. C. O. D. parcels may be accepted for mailing by rural carriers, and will be delivered by city and rural carriers and special delivery messengers. Such packages will not be mailable either to the Philippines or to the Canal Zone.
